THIS 1989 PORSCHE 930 TURBO CABRIOLET WAS SUPPLIED NEW BY THE PORSCHE USA, PALM BEACH, FLORIDA DISTRIBUTOR, TO ITS FIRST OWNER WHO IMPORTED IT TO THE UK THE SAME YEAR. IT'S OWNERSHIP HAS REMAINED WITH THE SAME FAMILY SINCE IMPORTATION.

Built in 1989, it comes with the G50, 5 speed transmission, that was only offered in its last year of production. Only 244, Porsche 930 5 speed cabriolets were built for the World Wide market in 1989, making it one of the rare 911 models.

Stunning colours of Zermatt Silver (metallic) & optional 'Raff' red leather interior trim.

The current owner in 1992, decided to convert the car to right hand drive. He utilised the services of marque specialist, Autofarm, to undertake the conversion using original parts throughout costing over £15,500. This was not uncommon at the time as the UK allocation was very limited. For the purists, this car can be converted back to LHD for a similar cost. Non Converted cars are fetching up to £150,000 and in our opinion this car is a fantastic investment opportunity.
