Date of manufacture: 1974

Exterior colour: Rosso Chiaro over Black | Tan with black inserts in leather

AN EXCEPTIONAL AND RARE RIGHT HAND DRIVE FERRARI 365 GT4 BB BERLINETTA BOXER BY SCAGLIETTI.  
ONE OF ONLY 58 RIGHT HAND DRIVE CARS MANUFACTURED.

As a direct replacement for the iconic 365 GTB/4 Daytona, the Ferrari 365 GT4 BB debuted at the Turin motor show in 1971. It was the company's first road going model with a mid-mounted flat 12-cylinder engine. The exotic design was derived from the company's three-litre Formula One race car.

Launched in 1973 as a 1974 model with only 387 examples built in the following three years. Road and Track hit 175 mph in one during a road test in 1975, making it the fastest road car ever tested at that time. Production was changed over in 1976 to the 512 BB. To many the 365 GT4 BB is the ultimate Berlinetta Boxer, as it is lighter and more purposeful in its purest form than its more common successors.

An original UK delivery with full matching numbers engine and factory air conditioning accompanied by an extensive service history with original bill of sale, original book package, radio, tool & jack kits. Maintained regardless of cost by marque specialists adds to the great drivability and enhanced performance. Complete repaint in 1982 in its current colour scheme and a complete re-trim in tan over black inserts.
