MODEL HISTORY

THE 2015 BENTLEY MULSANNE SPEED

Hand built in Crewe to unparalleled standards, the Mulsanne represents the pinnacle of Bentley's design, craft and engineering skills. The latest in a long line of Bentley flagships, it is equally rewarding whether you relax and enjoy the comfort of its rear seats or experience the pleasure of driving. The 6.75 litre V8 Twin Turbo engine that can waft the Mulsanne in near silence through city streets can also catapult the Bentley from rest to 60 miles an hour in just 5.1 seconds. Where circumstances permit, its inexorable wave of power can be ridden all the way up to an astonishing 184 miles an hour.

The Bentley Mulsanne is setting the standards adorned by the 1952 H. J. Mulliner Coachbuilt R Type Continental in Speed, Style & Elegance.

The Bentley Entertainment Specification combined with the Rear Seat Entertainment is available whether you drive or ride in the Mulsanne, you have an impressive range of information, entertainment and control functions at your figure tips.
