

KUGA

www.ford.co.za

Go Further

The smarter way to get there.

Inspiring a sense of freedom and adventure, the **KUGA** is powerful yet fuel-efficient for the most rewarding drive. Incorporating an array of purposeful technologies, it keeps you connected and in control, taking any change in your plans or the road in its stride, effortlessly.

SUV SMART UTILITY VEHICLE

Easy driving.

Wherever your travels take you, the **KUGA** delivers smart and effortless adventure with exciting technology you never want to be without.

SYNC[®]2 with Touchscreen, Bluetooth and Voice Control*

Hands-free phone.

Make calls. Take calls. With a few simple words you're in total control of your phone. You can even continue a conversation when you get in or out of your **KUGA**. Incoming text message? No problem. Ask SYNC[®]2 to read it out.

Hands-free music.

If you love music, you'll love SYNC[®]2. Plug in your iPod[®] and you can be as specific about your musical tastes as you like. Browse and select your favourite music by track, band, genre or just 'shuffle all' via voice commands.

Touchscreen and media hub.

Easy to navigate, the 8-inch touchscreen lets you set up your phone, music and climate settings to suit you. Two USB ports, an SD-card slot and RCA port mean you can also use the screen to view videos or photos.

*Available on Trend and Titanium models only.

Intelligent Access Push-start button.

You don't need to have the key in your hand to start the **KUGA**, or even unlock it*. As long as you have your key fob with you, your car will unlock. Once you're inside, simply put your foot on the brake, press the start button and go.

*Smart keyless entry standard on Titanium models only.

Active Park Assist.*

First it helps you find a parking spot that's just the right fit. Then it virtually parallel parks itself. Put the car into gear, take your hands off the wheel and watch it perfectly steer itself into your parking space. All you have to do is work the accelerator and brakes.

*Available as part of the Driver Assistance Pack. Feature cannot be purchased separately.

Hands-free tailgate.*

Only a **KUGA** gives you a tailgate that opens (and closes) with a wave of your foot under the bumper. Because chances are, if you're putting things in the back, you've probably got your hands full. It even adjusts to the height of your garage.

*Hands-free tailgate standard on Titanium models only.

Working the space.

A place for everything. Every thing in its place. The **KUGA** ensures that you can drive without clutter at your feet or on your seats.

Space that works for you.

The spacious **KUGA** becomes even roomier when you fold down the 60:40 split rear seats. Fold down one seat to fit those extra pieces of luggage, and still have room for passengers. Fold both seats flat to carry a bigger load in the very sizeable 1 653 litres of space. There's even a hidden compartment for valuables.

Adjustable load floor.

Lower the floor to make the storage space deeper, or raise it with the rear seats folded down to create a flat load floor.

Let the sun shine in.

The full-length glass Panoramic Vista Sunroof offers a bright and airy drive, thanks to its electronically operated sliding action. A Solar Reflect coating helps keep the interior cool, while an internal blind provides shade and privacy when you need it.

*Optional on Titanium Styling Pack. Feature cannot be purchased separately.

Ready for anything.

Make the most of the terrain around you. The **KUGA's** All-Wheel-Drive (AWD) and streamlined power and efficiency lets you take whatever your day serves up to you, with confidence.

Traction where you need it.

This isn't just any AWD. Every 16 milliseconds, the **KUGA** adjusts which wheels get torque, so your cornering and traction is always at an optimum. It provides traction in all sorts of road conditions, whether rain, hail, snow or shine. But this isn't the only technology working to keep you effortlessly connected to the road. Torque Vectoring Control automatically transfers torque to the wheels with the most grip. The front end hugs the inside of every bend for superb handling, virtually eliminating under-steering.

Torque adjusts 62.5 times a second.

The **KUGA's** Intelligent AWD monitors each wheel, and increases or decreases the amount of torque to optimise grip and handling in all conditions. A display in your instrument panel lets you see how the system is performing, by giving you a graphic illustration of the power distribution between all four wheels.

Pulling power.

With up to 1 800kg of maximum towing capacity (depending on engine selected), the **KUGA** serves up substantial pulling power that is ever mindful of safety. An array of built-in safety features, such as Hill Launch Assist and trailer sway control, keeps you and your trailer secure, so you can enjoy the journey from start to finish.

*Accessory towbar is available from your Ford Dealer.

Ready for anything.

The more time we can put between you and your next visit to the fuel pump, the better. The fuel-saving technology in the **KUGA** is designed to help lower your cost of ownership. All without the slightest compromise on style and performance.

Electric Power-Assisted Steering (EPAS).

The **KUGA's** Electric Power-Assisted Steering (EPAS) only uses energy when the steering wheel is turned. So, on straight roads, the motor is inactive, saving power and fuel.

EcoBoost and TDCi engines.

The **KUGA's** new EcoBoost and turbo-diesel engines have been praised for their refinement, responsiveness and efficiency – with spirited performance.

Smart regenerative charging.

Saves fuel where possible by charging the battery only when you're not pressing the accelerator pedal.

Power and fuel efficiency, without compromise.

EcoBoost engine technology turns traditional petrol-engine thinking on its head. Its advanced direct injection and turbocharging combines small-engine fuel economy and big-engine power into one, so you don't have to compromise on either.

Feel the power, not the shift.

Two types of engine, two types of automatic transmission. Make the most of the EcoBoost's responsiveness with the six-speed Ford SelectShift. Switch to manual mode, and you can work through the gears – without the clutch. The TDCi diesel with Ford PowerShift delivers the perfect combination of manual fuel efficiency and the ease of an automatic, selecting the next gear at precisely the right moment. So gear changes are effortless, with no disruption to power.

Ford technology.

- Ford EcoBoost's innovative petrol-engine technology
- Six-speed SelectShift automatic transmission with manual-mode option
- Ford Duratorq TDCi advanced diesel
- Ford PowerShift automatic transmission
- Auto-stop/start
- Active grille shutter
- Electric Power-Assisted Steering (EPAS)
- Ford EcoMode driver information system
- Sleek aerodynamic design
- Smart regenerative charging
- Shift indicator

Auto-Stop/Start*.

Even if you could improve your fuel economy by 4-10%**, could you really be bothered turning your engine off every time you come to a standstill at lights or in traffic? Of course not. So the **KUGA** does it for you – automatically.

*Only available on 1.5 FWD engines. ** Tested on 1.5 FWD engines.

Ford EcoMode driver information system.

This smart software monitors your driving style and displays its impact on the car's fuel economy. Floor the throttle and you'll receive a low score; drive efficiently and you'll be rewarded with a high score – and reduced running costs.

Extra levels of protection.

The **KUGA's** highly advanced technology provides you with the very best levels of protection, and helps make your life simpler and stress-free too.

Intelligent Protection System (IPS).

The **KUGA's** advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies that are designed to help protect you, including an ultra-high-strength steel safety cage, Electronic Stability Programme (ESP) as well as front and curtain airbags.

The KUGA IPS includes:

1. Driver and front-passenger airbags¹.
2. Driver and front-passenger side-impact airbags.
3. Side-curtain airbags for front and rear seats.
4. Driver inflatable knee airbag.
5. Collapsible steering column and pedals for optimised protection of driver's legs and feet.
6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones.
7. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seatbelts.
8. Anti-submarining seat bases.
9. ISOFIX fixing points for child seats on rear outer seats.
10. Electronic Stability Programme (ESP) with Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA).
11. Emergency brake warning – automatic flashing of brake lights under heavy braking.
12. Optional Active City Stop².
13. Lane Departure Warning with Lane Keeping Aid³.

Adaptive Cruise Control.*

You set the pace. Adaptive Cruise Control will automatically adjust your speed if the car in front of you slows down. Forward Alert triggers an audio and visual warning when it detects risk of a forward collision, while the Emergency Brake Assist¹ simultaneously readies the brakes to execute full braking performance.

*Available as part of the Driver Assistance Pack. Features cannot be purchased separately.

Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front-passenger airbag. The safest place for children is properly restrained on the second-row seats.

¹ Front passenger's airbag deactivation switch is available as a Dealer-fitted option.

² Uses sensors. Designed to operate at speeds below 30km/h.

³ Uses sensors. Operates at speeds over 65km/h on multi-lane roads with clearly visible lane markings.

BLIS (Blind Spot Information System)*.

If another vehicle is in your blind spot when changing lanes, the Blind Spot Information System alerts you with a discreet warning light built into the driver and passenger doors' side mirrors.

*Available as part of the Driver Assistance Pack. Feature cannot be purchased separately.

Active City Stop*.

When traffic is crawling along, it can be easy to miss someone suddenly stopping. In speeds under 30km/h, Active City Stop detects if the car ahead has unexpectedly stopped and automatically applies the brakes.

*Available as part of the Driver Assistance Pack. Feature cannot be purchased separately.

Curve control and Roll Stability Control (RSC)*.

Enter a curve too quickly, and the **KUGA** automatically reduces speed and selectively applies braking across all wheels to maintain control and grip. It also reduces your speed, automatically, if it senses that your vehicle is in danger of rolling over.

*Standard on Titanium model. Feature cannot be purchased separately.

Lane Departure Warning with Lane Keeping Aid*.

If you begin to drift towards the next lane, as you approach the road markings, your steering wheel will vibrate to let you know, if your indicator is not on. Steering torque is also applied back toward the lane you were in to help remind you that you need to move back. Visual warnings also appear in the instrument panel.

*Available as part of the Driver Assistance Pack. Feature cannot be purchased separately.

Colour and trim.

Complementing the **KUGA's** stylish design, and satisfying your personal taste, is a range of attractive metallic and solid colours.

Frozen White
(Solid)

Blazer Blue
(Solid)

Green Instinct
(Metallic*)

Tiger Eye
(Metallic*)

Deep Impact Blue
(Metallic*)

Magnetic
(Metallic*)

Race Red

FORD CREDIT

As part of the Ford family, **FORD CREDIT** can offer a number of unique finance options to make owning a new or used vehicle affordable and simple. For more information regarding **FORD CREDIT**, speak to your Ford Dealer or go to www.ford.co.za/buying/ford-credit/home

FORD PROTECT

Genuine parts. Genuine service.

Enjoy years of trouble-free motoring and preserve the value of your new Ford by fitting only genuine Ford parts and accessories. Servicing your new Ford at a Ford Dealer will also protect you and your vehicle warranty.

Business and Commercial Fleet Customers.

The Ford portfolio of products is growing rapidly to meet your business needs.

Please contact your local Ford Dealer for more information
or visit our website www.ford.co.za/fleet
or alternatively email us at fleetsa@ford.com

Ford Protect

Ford **Protect** offers a holistic suite of service, maintenance, warranty and roadside-assistance products aimed at keeping your new **KUGA** in perfect working condition.

New Vehicle Warranty – Every new **KUGA** comes with a 4-yr/120 000km Comprehensive Warranty.

Service Plan – The new **KUGA** comes standard with a 4-yr/80 000km Service Plan on all EcoBoost derivatives and a 5-yr/90 000km Service Plan on all TDCI derivatives, which covers all scheduled servicing except friction materials, i.e brake pads and wiper blades.

Corrosion Warranty – 5-yr/unlimited km cover.

Roadside Assistance – 3-yr/unlimited km for cover mechanical, electrical, flat tyres, batteries, medical emergencies and towing, if needed, to the nearest Ford dealership.

New Vehicle Extended Warranty – An Extended Warranty may be purchased prior to the expiry of the 4-yr/120 000km New Vehicle Warranty, giving owners an extra 2yrs/80 000km of worry-free driving.

Consult the vehicle handbook, Ford Dealer or www.ford.co.za for more information regarding Ford **Protect** plans.

**The declared fuel consumption and CO₂ emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006 / ECE R101: 2005 as last amended) and validated and approved by the UK Vehicle Certification Authority (VCA). Fuel consumption and CO₂ emissions figures are used to compare different vehicle types under uniform conditions, and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors and are directly affected by the length of the journey; number of passengers and the amount of luggage carried; individual driving style; road conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures in day-to-day driving, although the vehicle is technically capable of doing so.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Vehicles with smart intuitive technologies designed to connect your world, and many clever solutions from Ford that make life a little easier.

Options (Opt*) mentioned in specification sheet are available as part of the Driver Assistance Pack and the Styling Pack. Features may not be purchased separately.
 Opt1 – Driver Assistance Pack is comprised of Active City Stop with low-speed collision mitigation, adaptive cruise control, Active Park Assist, Lane Keeping Aid and Blind Spot Information System.
 Opt2 – Styling Pack is comprised of Power-opening Panoramic Vista Sunroof, 19" alloy wheels and mudflaps. Features may not be purchased separately.

*Leather is a combination of leather and high-quality, durable materials.

Ford reserves the right, subject to all applicable laws, to discontinue or change features and other specifications either temporarily or permanently without incurring any liability to any prospective purchaser or purchasers. Changes will be communicated to the Ford Dealer Network.

Ford Protect Service Plan – The new KUGA comes standard with a 4yr/80 000km Service Plan on all EcoBoost derivatives and a 5yr/90 000km Service Plan on all TDCi derivatives, which covers all scheduled servicing except friction materials i.e brake pads and wiper blades.

Consult the vehicle handbook, www.ford.co.za or your nearest Ford Dealer for more information regarding Ford Protect plans and products. Printed September 2016.
