Elara

Elara Range

All WildAx motorhomes have 2 main design features:

To be fully winterised, and as such are independently tested to ensure that we offer the maximum protection for usage in cold weather. The standardised test we use involves temperatures down to minus 20 deg C. This is achieved by ensuring the entire motorhome is fully insulated including the water tanks that have a 12v frost protection system installed. Our motorhomes all have the Truma iNet installed as standard enabling your Truma Combi to be controlled from an app on your phone!

To be wild camping ready. This is achieved in a number of ways. We use low power consumption parts where possible including LED lighting and 3 way fridges. Our water tanks are custom made to our designs giving up to 120 litre capacity. Also as standard there is an underslung refillable LPG tank (40 litres). All our motorhomes use a 100 Ahr leisure battery to give an impressive 2-4 days off mains without engine start. We are also pre-wired for solar panel fitment as this is a very popular optional extra.

Dimensions

Length = 6.97m

Width = 2.02m / 2.34 with mirrors

Height = 2.75m

GVW = 3500kg.

We offer a number of exterior and interior colour choices to enable you to personalise your motorhome.

An 'A-Class' motorhome in a panel van

The Elara is a spacious, top spec motorhome for two people. Built on the Mercedes Sprinter the Elara is the epitome of style versus design. The Sprinter was chosen to give a high class car style driving experience in a vehicle with lots of power and great fuel efficiency. The Mercedes 7G auto gearbox is simply excellent and unparalleled in a motorhome.

With clever storage areas, modern lighting and soft curves and shapes used in the design the Elara feels like a premium motorhome.

Sleeping is offered in the large double island bed or the option of two single beds all using quality deep sprung mattresses with storage space underneath. The washroom gives a good sized wetroom with ceramic toilet, shower and basin with storage.

In the kitchen you will find a combination of gas and induction hobs with an oven/grill. The large fully automatic 142 litre fridge freezer offers ample space for food and drink for an extended trip.

To the front is a comfortable lounge/diner to relax in the evenings in front of the TV!

Price - £71,995 (OTR)

The WildAx Story so far . . .

Our decision to move closer to the motorway brought us to Elland. Over the years we have grown in size and production output, making a move necessary to our current 20,000 square foot factory in Elland in 2018.

All our motorhomes are built to an exacting standard and are compliant with all regulations. As members of the NCC we are rigorously assessed to these standards including random inspections.

In 2017 we also became part of the Rapido Group of companies, making us part of one of the largest motorhome production groups in Europe. We are proud to produce our motorhomes completely in the UK and take great care to make a super high quality hand-made product. Our motorhomes are sold throughout the UK through a network of friendly agents.
