THE JEEP® RENEGADE

Use the menu bar above to navigate through the guide. Click ESC to exit

INTRODUCING THE JEEP® RENEGADE

Expect the unexpected with the Jeep® Renegade. Distinctive looks, with its unmistakable Jeep® seven-slot grille and rugged styling, set you apart.

A choice of petrol and diesel engines is available as well as the exciting new Renegade 4xe Plug-in Hybrid (PHEV), available in Longitude, Limited and Trailhawk trim levels with full 4WD capability. Petrol and diesel models come with four transmission options depending on model: the classic 6-speed manual gearbox is joined by a class-leading 9-speed automatic

that offers seamless gear changes for perfect fluidity and a comfortable driving experience. Or there's a 6-speed DDCT dual clutch transmission that blends the performance of a manual with the easy-to-use nature of an automatic. Meanwhile, the Renegade 4xe PHEV is equipped with an advanced and efficient new 6-speed automatic transmission.

Inside, practical space combines with the latest connectivity and sound technology. All models come with the interactive Uconnect™

navigation and infotainment system with Bluetooth® and an integrated full colour HD touchscreen of up to 8.4". Apple CarPlay™ and Android Auto™ are standard equipment.

As a company car, the Jeep® Renegade is a compelling proposition: P11D prices from just £22,880 (Longitude) and CO₂ emissions as low as 49g/km (4xe Longitude) mean BIK tax liabilities are kept to a minimum, allowing drivers to enjoy true individuality with style and ability.

Use the menu bar above to navigate through the guide. Click ESC to exit

RENEGADE LONGITUDE

Renegade Longitude blends luxury with exceptional ability and a choice of petrol engines with manual or automatic transmission, or the new Jeep® 4xe Plug-in Hybrid drivetrain for full 4WD ability (see next page). Standard equipment includes 17" aluminium wheels, black roof rails, Uconnect™ 8.4" DAB radio with HD touchscreen and navigation, integrated Apple CarPlay™ and Android Auto™ and dual zone automatic air conditioning.

JEEP® RENEGADE 4xe

TECHNOLOGY RENEWED

The new Jeep® Renegade 4xe is equipped with a Plug-in Hybrid system comprising a petrol engine driving the front wheels and an electric motor for the rear wheels. Available in Longitude, Limited and Trailhawk models, the electric motor is powered by an 11.4 kW battery which is recharged while driving through a regenerative braking system, or externally, through a power cable. By selecting the fully electric mode, the battery offers up to 26 miles of zero tailpipe emission driving on the road.

Petrol engine acts on the front axle

Electric motor acts on the rear axle

The Jeep 4xe Plug-in Hybrid system enables up to 26 miles of emission-free driving on the road

JEEP® EASY WALLBOX™

PLUG & PLAY All you need is an electrical socket. No complex installations or electrical upgrades. Just fix the easyWallbox to the wall and plug it in just like any home appliance.

DYNAMIC CHARGING A clever use of the available power in your home: install the Dynamic Power Management (DPM) sensor, turn on your house appliances and easyWallbox will autonomously manage the charging session using available power.

TWO-IN-ONE easyWallbox can operate Plug & Play by a standard electrical socket up to 2.3 kW (Mode 2) or can reach up to 7.4 kW (Mode 3) with dedicated power line.

WEATHER RESISTANT Suitable for both Indoor and Outdoor spaces, operating safely in a wide range of temperatures.

Use the menu bar above to navigate through the guide. Click ESC to exit

RENEGADE LONGITUDE

The new Jeep Renegade 4xe Longitude PHEV is powered by a 130hp petrol engine driving the front wheels, while a 60hp electric motor is fitted at the rear wheels. The electric motor uses an 11.4 kW battery which is recharged while driving through a regenerative braking system, or externally through a power cable. By selecting electric mode, the battery offers up to 26 miles of zero tailpipe emission driving on the road.

RENEGADE TRAILHAWK

Now available with the new Jeep® Plug-in Hybrid drivetrain, exceptional off-road performance is guaranteed with Trailhawk. A powerful 180hp petrol engine drives the front wheels, while a 60hp electric motor at the rear offers a combined output of 240hp. Trailhawk comes with 17" aluminium wheels, protective skid shields on the front suspension, fuel tank and transmission, and stylish black leather upholstery with red 'Trailhawk' stitching.
